<b>GlobalPlatform Accreditation Requirements</b>	GP_PRO_023 TEE Certification Process v1.0
<b>Restrictions, if any:</b>	None

Dear Mr. Pascal Van Gimst:

GlobalPlatform, Inc. ("GlobalPlatform") would like to thank the above company ("Company") for its interest in participating in the GlobalPlatform Accredited Laboratory Program (the "GP Lab Program").

After reviewing the Company's request dated 17 July 2015 for Accreditation of the above-referenced Facility as a GlobalPlatform Accredited Laboratory for purposes of the GP Lab Program (a "GP Accredited Lab"), performing on-site audit of Laboratory's facilities on 6 December 2016, and assessing additional required materials submitted therewith, GlobalPlatform is pleased to inform you that the Facility is hereby designated as a GP Accredited Lab.

Accordingly, subject to the terms of this letter and the restrictions set forth above (if any), GlobalPlatform hereby agrees to include the above-referenced Facility in the list of GP Accredited Labs on the GlobalPlatform web site at [www.globalplatform.org](http://www.globalplatform.org) (the "GP Accredited Lab List"). If you would like to begin using applicable GP Accreditation marks in connection with your GP Accredited Facility, please execute a separate Trademark License Agreement with GlobalPlatform.

Please Note: Accreditation as a GP Accredited Lab reflects only that, as of the date of this letter, the specified Facility has successfully demonstrated that it satisfies all of the requirements and conditions for laboratory accreditation for purposes of performing tests of TEE products submitted for GP certification under GlobalPlatform's then current laboratory accreditation and reaccreditation processes. GlobalPlatform Lab Accreditation is not, and should not be construed as either a guaranty of any laboratory or its services or that any such services will be performed in any given manner, or an endorsement of any laboratory.

Accreditation and listing as a GP Accredited Lab are subject to continued compliance with all GP Lab Program requirements applicable to GP Accredited Labs. Because Accreditation and listing are subject to such limitations, including termination under certain circumstances, you and any third parties are strongly encouraged to periodically confirm that such the Company's Accreditation is current and has not been terminated, by referring to the current GP Accredited Lab List.

Information pertaining to the GP Lab Program and GlobalPlatform TEE Certification is available on the GlobalPlatform website. All questions related to the laboratory Accreditation process or the GlobalPlatform TEE Certification process should be sent to the TEE Security Evaluation Secretariat at the following email address: [teecertification@globalplatform.org](mailto:teecertification@globalplatform.org).

***This Accreditation Letter is effective as of the date of this letter.***
