

TEE Certification Operations Bulletin

No. 1 • January 2018

Laboratories undergoing accreditation process.

1.1 About this bulletin

The TEE Certification Operations Bulletin aims to present the TEE Certification Process changes and updates.

When an effective date is mentioned for a change, the change must be implemented as of that date. Changes for which no effective date is specified are effective immediately.

1.2 Summary

Article Summary:	This article describes the opportunity for a laboratory undergoing accreditation to be listed on GlobalPlatform website.
Type:	Operation Requirement Update
Effective Date:	Applicable immediately
Applicability:	Laboratory accreditation status

1.3 Process Update

As per GlobalPlatform TEE Certification Process v1.1, Sept. 2017, a laboratory is listed as accredited laboratory on the GlobalPlatform website when the Letter of Accreditation is issued.

With the publication of this bulletin, it will be possible for a laboratory undergoing accreditation to be listed on GlobalPlatform website provided that:

- GlobalPlatform has accepted the laboratory's accreditation request and has issued the related Letter of Registration,
- The laboratory has formally requested to be listed on the GP website.

Laboratories undergoing accreditation will be listed on the GlobalPlatform TEE Certification Scheme / Accredited Laboratory Services page <https://www.globalplatform.org/teecertificationlaboratory.asp> along with the following text:

For information, GlobalPlatform has accepted the accreditation request of the following laboratories, which are currently undergoing accreditation process.

Please note that TEE security certificates will only be issued once the evaluation laboratory has been accredited.

For more information, please contact the Certification Secretariat:
