All Yes and No questions shall be answered. If a feature/option is NOT supported, i.e. a question is answered "No," the sub-questions for that feature/question shall be left blank.*

A - Administrative	
Product Provider Identification	
A.1.1 – Company Legal Name	

GlobalPlatform submitted Configuration Description	
A.2.1 – The GP product submitted follows Secure Element Access Control, version 1.0.	☐
A.2.2 – The GP product submitted follows Open Mobile API specification, version 2.05.	☐

SCO Version Number	
A.3.1 –This SCO is for: (only one answer possible)	☐ A new submission
	☐ For a product under qualification: a replacement of a previously accepted SCO (*only possible if the Test Report related to the initial SCO has not been submitted yet*)
	☐ A Derivative Product submission
	☐ A Change Product submission
A.3.2 – If the answer to question A.3.1 is A SCO replacement:	
A.3.2.1 –provide the reference number of the previously accepted SCO	
A.3.2.2 – provide the reason for updating the SCO	
A.3.3 – If the answer to question A.3.1 is a Derivative Product:	
A.3.3.1 –provide the SCO reference number of the Intial Product	
A.3.3.2 –provide the LOQ reference number of the Intial Product	
A.3.3.3 – please explain which derivation	
A.3.3.4 If a Conformance Assessment Report has been performed on the initial Product, please provide the CAR reference	
A.3.4 – If the answer to question A.3.1 is a Change Product:	
A.3.4.1 –provide the SCO reference number of the Product to change	
A.3.4.2 –provide the LOQ reference number of the Product to change	
A.3.4.3 – please explain which change	
A.3.4.4 If a Conformance Assessment Report has been performed on the Product to change, please provide the CAR reference	

Device Product Specification References			
	Name	**Version Number**	**Released by**
A.4.1 – Device Specifications supported (list all applicable)			
A.4.3 – Errata List supported (list all applicable)			

Device Product and Platform Hardware Descriptions	
A.5.1 – Product Reference and Version No: (Same reference as in QLA or Exhibit A) (This is the name that will appear on the Qualified Products List)	
A.5.2 – Device Manufacturer name of the Product submitted for testing:	
A.5.3 – Provider Operating System Name and Version Number:	Name: Version Number:

Platform Hardware Description		
	A.5.7 – Platform hardware provider	
	A.5.8 – Platform hardware name and version number	
	A.5.9 – Applications processor provider	
	A.5.10 – Applications processor name and version number	
	A.5.11 – Rich OS name and version number	

GlobalPlatform Detailed Configuration Description	
GP.1.1 – Provide detailed SCO options supported by the configuration submitted (copy / paste of the configuration XML file)
