

GlobalPlatform Product Security Certification Fees

The fees charged by GlobalPlatform are intended to cover the administrative costs incurred by GlobalPlatform in managing the Product Security Certification Process.

The following fees shall be paid to GlobalPlatform by Product Vendors:

	GlobalPlatform Member	Non-GlobalPlatform Member
TEE Product - Includes one certification round	US\$ 27,000	US\$ 34,000
SE Product (functionally certified) - Includes one certification round	US\$ 24,000	US\$ 31,000
SE Product (not functionally certified) - Includes one certification round	US\$ 27,000	US\$ 34,000

Notes:

1. The fees charged by Accredited Laboratories to Product Vendors for GlobalPlatform testing services are not included in the above fees.
2. GlobalPlatform fees are valid up to November 30, 2024.
3. GlobalPlatform fees for an extra certification round corresponds to 50% of the standard fees.
4. Payment terms applicable to the first certification round:
50% are due at the registration for security certification, 50% are due at the test plan validation.
5. Payment terms applicable to additional certification rounds: 100% are due at the registration of the additional round.
