OSIA global qualification program Operations Bulletin

No. 4 • October 2024

Participation Forms updated

1.1 About this bulletin

The Product Qualification Operations Bulletin aims to present the GlobalPlatform Product Qualification Process changes and updates.

When an effective date is mentioned for a change, the change must be implemented as of that date; Changes for which no effective date is specified in the article are effective immediately.

1.1 Summary

Article Summary:	The Qualification Process document was updated to add an administrative fee for changes to existing LOQs. The Test Report Template was updated to remove fields that were not applicable for an OSIA test report. Updated documents: • Qualification Process • Test Report Template
Type:	Operation Requirement Update
Effective Date:	Applicable immediately
Applicability:	OSIA Test Suite
