**Re: GlobalPlatform PSA Certified Certification Body**

<b>Licensing Number:</b>	<b>GP_AL_210</b>
<b>Licensing Date:</b>	<b>26 May 2026</b>
<b>Licensing Expiration Date:</b>	<b>25 May 2028</b>

<b>Company Name (as will appear on the GlobalPlatform website):</b>	SGS Brightsight
<b>Facility Name (as will appear on the GlobalPlatform website):</b>	SGS Brightsight Calle Trespaderne 29 Madrid, 28042 Spain
<b>GlobalPlatform Requirements</b>	GP_PRO_161 – PSA Certified governance
<b>Restrictions, if any:</b>	None

Dear Rob

GlobalPlatform, Inc. (“GlobalPlatform”) would like to thank the above company (“Company”) for its interest in participating in the GlobalPlatform PSA Certified licensing Program (“GP PSA Certified Program”), pursuant to GlobalPlatform’s PSA Certified Certification Body Licensing program.

After reviewing the Company’s request dated 20 May 2026 for Licensing of the above-referenced facility as a GlobalPlatform PSA Certified Certification Body for purposes of the GP PSA Certified Program and considering that you are a 17065 accredited Certification Body, GlobalPlatform is pleased to inform you that the Facility is hereby designated as a GlobalPlatform PSA Certified Certification Body (“GP PSA Certified CB”).

Accordingly, subject to the terms of this letter and the restrictions set forth above (if any), GlobalPlatform hereby agrees to include the above-referenced Facility in the list of GlobalPlatform PSA Certified Certification Body on the GlobalPlatform web site at <https://globalplatform.org>.

Please Note: Licensing as a GP PSA Certified CB reflects only that, as of the date of this letter, the specified facility has successfully demonstrated that it satisfies all of the GlobalPlatform's requirements and conditions for GP PSA Certified Program for the purpose of performing security evaluation of IoT products using the PSA Certified Methodology. Designation as a GP PSA Certified CB is not, and should not be construed as either a guarantee of any certification body or its services or that any such services will be performed in any given manner, or an endorsement of any certification body.

Licensing and listing as a GP PSA Certified CB are subject to continued compliance with all applicable GlobalPlatform requirements. Because licensing and listing are subject to such limitations, including termination under certain circumstances, you and any third parties are strongly encouraged to periodically confirm that the CB licensing is current and has not been terminated, by referring to the current GP PSA Certified CB List.

Information pertaining to GP PSA Certified Program is available on the GlobalPlatform website. All questions related to the certification body licensing process or the GP PSA Certified Program should be sent to the GlobalPlatform Security Evaluation Secretariat at the following email address: [security-certification@globalplatform.org](mailto:security-certification@globalplatform.org).

***This Licensing Letter is effective as of the date of this letter.***
