Planning Engagement through Membership

Engagement:

Examples of Engagement Areas

You should provide the key “standard” requirements they would like to see on the market. These feed into our prioritization of technical committee activities and subsequently into the detailed requirements/ parameterization and configuration of solutions:

Plugging Into GlobalPlatform: Best Practice

Most work is handled remotely by conference calls

No limitation on experts engagement from your organisation

- for the different working groups

Results are based upon members engagement

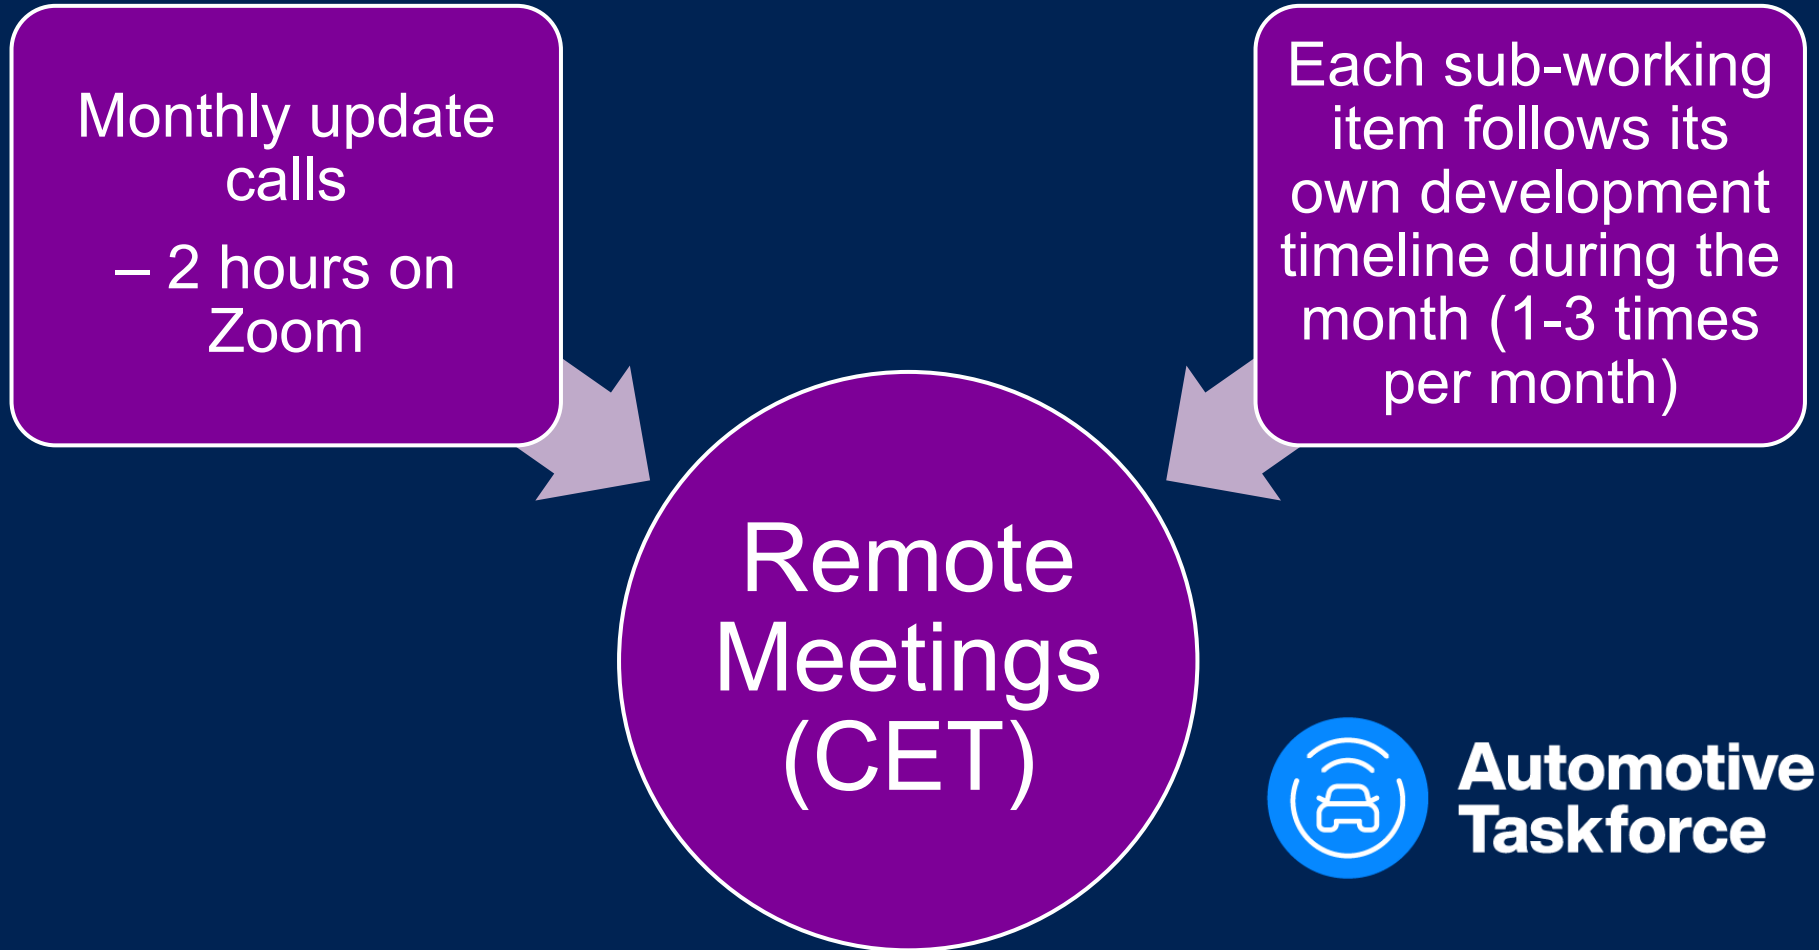

- Most working groups meet multiple times per month

Face-to-Face Meetings are limited:

- Spring Meeting: USA or Asia (March/April)
- Fall Meeting: Europe (Nov)
- Technical Roadmap Meeting: Europe (June)
- Cybersecurity Vehicle Forums: 1 per region per year
